Laptop Setup V. 2

PC Setup

Safety Notice

To avoid potential damage to the device, always disconnect all cables before transporting it.

WARNING: Permanent hearing damage can occur if a headset is used at high volumes for extended periods of time, so it is important to keep the volume at a safe level. Over time, your ears adapt to loud volume levels, so a level that may not cause initial discomfort can still damage your hearing. If you experience ringing in your ears after listening with the headset, it means the volume is set too loud. The louder the volume is set the less time it takes to affect your hearing. Be sure to listen at moderate levels.

Tips:

- Before placing a headset on your ears, turn the volume down completely, then slowly increase it to a comfortable level.
- Turn down the volume if you can't hear people speaking near you.
- Avoid turning up the volume to block out noisy surroundings.

FAQ

Q: Why do I have no sound coming out of my new Cruiser Headset?

A: Make sure that both the Mic jack and the Audio jack portions of the splitter cable are connected to your PC/Laptop.

Q: Why is the mic not picking up my voice?

A: Make sure that the microphone has been properly locked into place, as it will not work if it has not been.

Q: I have misplaced/damaged my detachable microphone, how can I request a replacement?

A: Simply visit the [gamestergear](http://gamestergear.com) website and send us an email request for a new detachable microphone. Please do note that there will be a fee for a replacement microphone.

Cautions

Do not make any modifications to the system or accessories. Unauthorized alterations may compromise safety, regulatory compliance, system performance, and may void the warranty

Operate this product within the temperature range of -4°F to 113°F (-20°C to 45°C) only. Damage caused by use outside of that range may not be covered by the warranty

Check and follow local laws regarding use of a mobile phone and headset/headphones while operating any vehicle or using equipment that requires your full attention. If you use the headset/headphones while engaging in any such activity, be sure to focus on safety.

Limited 1 Year Warranty

GamesterGear hereby warrants that this product will be free from defects in materials and workmanship for a period of one year from the date of purchase. At its option GamesterGear will repair or replace the defective product and promptly return it to you. You should retain proof of purchase to validate the purchase date and return it with any warranty claim.

If you believe this product is defective within the warranty period, carefully repack the unit, insure it, and return it postage prepaid.

For return RMA and address, please visit www.gamestergear.com.
