This product has many functions, such as digital video photography, slow photography, voice, video display and a removable battery. Besides, the functions of outdoor sports, home security and deep waterproof can meet any need of photographing.

ATTENTION

1. This is a high-precision product, please do not let it fall or strike it.
2. Please do not allow the camera to be near objects with strong-magnetic fields, such as strong magnets and power-driven machines. In addition, please also avoid objects that can send out strong radio waves. Strong magnetic fields may cause product breakdown, loss of data, and/or destroy the image and sound.
3. Please do not place the camera in direct sunlight.
4. Please choose a reliable Micro SD card with a trusted brand, because generic card compatibility can not be guaranteed.
5. During the process of charging the battery, if the product gives off heat and smoke, or gives off a peculiar smell, immediately unplug the power to avoid a fire.
6. When charging the battery, please place the product in places children can not reach as the power cable is a potential risk for suffocation and electric shock.
7. Please try to keep the product in shaded, dry and insulated places.
