CHARGING EARBUDS

1 Match the corresponding L and R letters on the charging case for proper charging. The earbuds will auto power OFF and start charging.

Blue lights will indicate earbuds are charging and will turn OFF when fully charged.
LEFT EARBUD   **RIGHT EARBUD**

2 Earbuds will auto power ON and reconnect to your device when taken out of the case.
CHARGING CASE

Connect the JBuds Air to computer or USB 5V 1A (or less) output device.

LEDs **pulse white** when charging and **turn solid white** when fully charged.

OR

FITTING

Cush Fin™

Ear tip

Try all the optional Cush Fins and ear tips for best fit and proper seal.

The Cush Fin should be aligned by positioning the contour around the microphone hole.

TROUBLESHOOTING

NO AUDIO IN LEFT EARBUD OR EARBUDS ARE DISCONNECTED FROM EACH OTHER (MANUAL RESET)

1 Enter your Bluetooth device settings and forget the JBuds Air.
Settings

Bluetooth

JLab JBuds Air

2 Open the charging case door and leave both earbuds inside. Starting with ONE earbud, **quickly press the button 4x times**. Light will **blink blue 4x times** then turn **solid blue**. Leave the earbuds in the charging case.

3 Repeat with the other earbud. **Quickly press the button 4x times.** Light will **blink blue 4x times** then turn **solid blue**.
4 Take both earbuds out of the charging case and keep them within 2 inches from each other. Wait for Left earbud to turn **solid white** and Right to **blink blue/white**. You are now ready to pair to your Bluetooth device.
## TROUBLESHOOTING

BLUETOOTH DEVICE DOES NOT CONNECT / RECONNECT

**1** Enter your Bluetooth device settings and forget the JBuds Air.

Settings

Bluetooth

JLab JBuds Air

2 On your device, turn OFF then ON Bluetooth.

Settings

Bluetooth

3 Take the earbuds out of the case. Wait for Left to turn **solid white** and Right **blinking blue/white.**

4 Select "JLab JBuds Air" in device settings to reconnect.

ECHOES ON CALLS

If you experience microphone echo/call quality with the JBuds Air, make sure the Cush Fin is not blocking the microphone port.
Microphone covered

Microphone open

QUICK TIPS

• The Bluetooth connection is established from the right earbud. For the most stable connection, keep the device near right hand side or in right pocket.

• If you prefer to wear only one earbud, you must wear the **right earbud** as this is the main earbud connected to Bluetooth.

• Choosing the correct ear tip makes a significant improvement in audio quality due to proper seal for the driver. Try all ear tips for best results.

• Only ONE Bluetooth device can be connected at a time. Turn off Bluetooth from unwanted devices and turn on Bluetooth from chosen device to connect.

WARNING

Fully dry off the earbuds before putting in the charging case to avoid any damage to the case.

The earbuds are sweat/water resistant but the case is not.

CAUTIONS

• Avoid extreme heat, cold, and humidity.

• Avoid dropping or crushing the earbuds.

• Wax may build up in the earbud tips, lowering the sound quality.
  Carefully remove the wax with a cotton swab or other small tool to improve the sound quality.

• If you experience discomfort or pain, try lowering the volume or discontinuing use temporarily.

• If you experience regular discomfort while using this product, discontinue use and consult your physician.

• We recommend you treat your earbuds as you would a nice pair of sunglasses and keep them in safe location when not in use.
