www.mount-it.com

EN Read the entire installation manual before you start installation and assembly. If you have any questions regarding any of the instructions or warnings, please contact Mount-It! for assistance.

CAUTION: Use with products heavier than the rated weights indicated may result in instability causing possible injury.

• Please closely follow the assembly instructions. Improper installation may result in damage or serious personal injury.

- Safety gear and proper tools must be used. This product should only be installed by professionals.
- This product is designed to be installed on solid concrete walls, masonry walls or wood stud walls.
- Make sure that the supporting surface will safely support the combined weight of the equipment and all attached hardware and components.
- Use the mounting screws provided and **DO NOT OVER TIGHTEN** the screws.
- This product contains small items that could be a choking hazard if swallowed. Keep these items away from children.
- This product is intended for indoor use only. Using this product outdoors could lead to product failure and personal injury.

IMPORTANT: Ensure that you have received all parts according to the component checklist prior to installation. If any parts are missing or faulty, contact Mount-It! for a replacement.

MAINTENANCE: Check that the product is secure and safe to use at regular intervals (at least every three months).

DE Lesen Sie die gesamte Bedienungsanleitung, bevor Sie mit der Installation und Montage beginnen. Wenn Sie Fragen zur Anleitung oder Warnungen haben, wenden Sie sich bitte an Ihren örtlichen Händler.

VORSICHT: Die Verwendung mit Produkten, die schwerer als die angegebenen Nennengewichte sind, kann zu Instabilität führen und zu möglichen Verletzungen führen. Bitte befolgen Sie die Montageanleitung genau. Eine unsachgemäße Installation kann zu Schäden oder schweren Verletzungen führen.

Sicherheitshinweise und geeignete Werkzeuge müssen verwendet werden. Dieses Produkt sollte nur von Fachleuten installiert werden.

Dieses Produkt ist auf massiven Betonwänden oder Mauerwerkswänden zu montieren.

Stellen Sie sicher, dass die Auflagefläche das Gesamtgewicht des Geräts und aller angeschlossenen Hardware und Komponenten sicher trägt.

Verwenden Sie die richtigen Werkzeuge und Schrauben. Verwenden Sie keine Schrauben, die größer als die angegebenen sind. Verwenden Sie keine Schrauben, die nicht für das Produkt geeignet sind.

Dieses Produkt enthält Kleinteile, die beim Verschluss eine Erstuntersuchung erfordern können. Halten Sie diese Gegenstände von Kindern fern.

Dieses Produkt ist nur für den Innenbereich bestimmt. Die Verwendung dieses Produkts im Freien kann zu Produktversagen und Verletzungen führen.

WICHTIG: Stellen Sie vor der Installation sicher, dass Sie alle Teile gemäß der Komponenten-Checkliste erhalten haben. Bei beschädigten oder fehlenden Teilen, wenden Sie sich an Ihren Verkäufer, um Ersatz zu erhalten.

WARTUNG: Überprüfen Sie das Produkt in regelmäßigen Abständen auf Sicherheit und Stabilität (am besten alle drei Monate).

FR Lisez entièrement le guide d'utilisateur avant de commencer l'installation et le montage. Si vous avez des questions concernant les instructions ou les avertissements, veuillez contacter votre distributeur local pour une assistance.

ATTENTION: L'utilisation de produits plus lourds que les poids nominaux indiqués peut entraîner une instabilité causant des blessures potentielles.

Les supports doivent être joints comme spécifié dans les instructions de montage. Une mauvaise installation peut entraîner des dommages ou de graves blessures aux personnes.

- Un équipement de sécurité et les outils appropriés doivent être utilisés. Ce produit devrait être installé uniquement par des professionnels.
- Ce produit est conçu pour être installé sur des murs avec poteaux en bois, des murs en béton massif ou murs en brique.
- Assurez-vous que la surface de soutien supporte en sécurité le poids combiné de l'équipement et de tous les matériaux et composants associés.
- Utilisez les vis de montage fournies et NE SERREZ PAS TROP les vis de montage.
- Ce produit contient des pièces qui peuvent causer des dommages si elles sont aversées. Éloignez ces pièces des enfants.
- Ce produit est prévu uniquement pour une utilisation à l'intérieur. L'utilisation de ce produit à l'extérieur peut entraîner une défaillance du produit ou des blessures aux personnes.

IMPORTANT: Avant l'installation, assurez-vous de vous avoir reçu toutes les pièces selon la liste de vérification des composants. Si une pièce est manquante ou endommagée, téléphonez à votre distributeur local pour qu'il la remplace.

MANTENANCE: À intervalles réguliers (au moins tous les trois mois) vérifiez que le support est toujours d'installation sûre et fiable.

РУ Перед началом установки и сборки требуется руководство по установке. Если Вы возникли какие-либо вопросы относительно инструкции или предупреждений, свяжитесь с Вашим локальным дистрибутором для получения помощи.

Внимание: Использование продуктов, вес которых превышает указанный расчетный вес, может привести к неустойчивости и возможным травмам.

- Опоры должны быть установлены, как это показано в указанных инструкциях. Неправильная установка может привести к получению серьезных травм.
- Любое использование или модификация устройства и связанных с ним компонентов, продуктов должно устанавливаться только профессионалами.
- Продукт предназначен для установки на деревянные каркасные стены, твердые цементные стены или кирпичные стены.
- Убедитесь, что несущая поверхность выдержит вес всего установленного оборудования и комплектующих.
- Необходимо использовать монтажные винты, входящие в комплект поставки, и НЕ ПЕРЕКЛАДЫВАЙТЕ монтажные винты.
- Данный продукт содержит движущиеся детали, которые могут повредить при неправильном обращении.
- Данный продукт предназначен только для эксплуатации в помещениях. Использование данного продукта на улице может привести к поломке продукта и получению травм.

ВАЖНО: Перед установкой убедитесь, что Вы получили все детали в соответствии со списком комплектующих. Если не хватает каких-либо деталей или они поломаны, свяжитесь с Вашим локальным дистрибутором для получения помощи.

ТЕХНИЧЕСКОЕ ОБСЛУЖИВАНИЕ: Необходимо регулярно проверять (ка минимум раз в три месяца), чтобы крепления были зафиксированы, и его использование было безопасным.

ES Lea todo el manual de instrucciones antes de comenzar la instalación y ensamblaje de la unidad. Si tiene alguna inquietud con respecto a las instrucciones o advertencias, comuníquese con su distribuidor local.

PRECAUCIÓN: utilizar con productos de mayor peso al indicado en los límites de peso podría ocasionar inestabilidad y posibles heridas personales.

- Los soportes deben acoplarse tal como se indica en las instrucciones de ensamblaje. Una incorrecta instalación podría ocasionar fallas y serias heridas personales.
- Utilice las herramientas y equipo de seguridad adecuados. Este producto solo debe ser instalado por profesionales.
- Este producto está diseñado para instalaciones en paredes de madera sólida, concreto sólido o bloques.
- Asegúrese de que la superficie de fijación soportada de manera segura el peso total del equipo y todos sus componentes y hardware.
- No exceda los límites de ensamblaje de los tornillos y NO aplique demasiada tensión a los tornillos.
- Este producto contiene piezas pequeñas que representan un riesgo de asfixia. Mantenga estas piezas fuera del alcance de los niños.
- Este producto está diseñado para usar en interiores solamente. Utilizar este producto en exteriores podría ocasionar fallas y heridas personales.

IMPORTANTE: Asegúrese de que haya recibido todas las piezas según la lista de verificación de componentes para la instalación. Si falta alguna de las partes, o está dañada, comuníquese con su distribuidor.

MANTENIMIENTO: Compruebe periódicamente que el soporte está asegurado y listo para usar (al menos cada tres meses).

ATENÇÃO: O uso de produtos mais pesados do que os pesos indicados pode resultar em instabilidade, causando possíveis danos. Leia todo o manual de instruções antes de iniciar a instalação e montagem. Se você tiver alguma dúvida sobre quaisquer uma das instruções ou avisos, por favor, entre em contato com o seu distribuidor local para assistência.

- Equipamentos de segurança e ferramentas adequadas devem ser utilizadas. Este produto só deve ser instalado por profissionais.
- Este produto é projetado para ser instalado em placas verticais de paredes de madeira, paredes de concreto sólido ou de tijolos.
- Certifique-se que a superfície de suporte suportará com segurança o peso combinado do equipamento e todas as ferragens e componentes anexados.
- Os parafusos de montagem fornecidos NÃO ABRETEM EXCESSIVAMENTE as peças.
- Este produto contém pequenas peças que podem causar asfixia se ingeridas. Mantenha estas longe do alcance de crianças.
- Este produto destina-se somente para uso interno. Use-o em ambiente externo pode causar falhas no produto e lesões pessoais.

IMPORTANTE: Assim que você recebeu todas as peças, de acordo com a lista de componentes, antes da instalação, se alguma peça estiver faltando ou se defeituosa, contate o seu distribuidor local para substituição.

MANUTENÇÃO: Certifique-se que o suporte seja seguro e protegido para o uso em intervalos regulares (pelo menos a cada três meses).

Mounting Hardware	x2
-------------------	----

Check carefully to make sure there are no missing or defective parts. Some hardware provided may not be used. Use the correct mounting hardware suitable for your installation.

CHOKING HAZARD. Package includes small parts.

Not for children under 3 years. Adult supervision is required.

Missing Parts? Call us at (855) 925-5668 and we will ship replacement parts free of charge.

DIMENSIONS & WEIGHT CAPACITY

Rated weight capacity is 19.8lbs for each arm.

Caution:
Ensure all mounting surfaces are capable of holding the weight of your mount.
DO NOT EXCEED MAXIMUM LISTED WEIGHT CAPACITY.
SERIOUS INJURY OR PROPERTY DAMAGE MAY OCCUR!

Step 1

Step 1a-1

Clamp Installation Option

- Connect the Clamp L-Bracket (#C) to the base of the Spring Arm (#A) as shown here using Connector Bolts (#G) and Hex Wrench (#L).

Step 1a-2

Install the Adhesive Pads

- Peel off the backing from the Adhesive Pads (#K) and stick them over the two rear bolt heads.

Step 1a-3

A. Assemble the Clamp: 0.4"-2.16" Desk Thickness

- Attach the Clamp Handle (#D) to the back of the L-Bracket using Bolts (#G). For Desks with a thickness of 0.4"-2.16" (10-55mm) connect through the upper two bolt holes on the L-Bracket.

B. Assemble the Clamp: 1.96"-3.34" Desk Thickness

- Attach the Clamp Handle (#D) to the back of the L-Bracket using Bolts (#G). For Desks with a thickness of 1.96"-3.34" (50-85mm) connect through the lower two bolt holes on the L-Bracket.

Step 1a-4

Attach the Clamp Cover

- Attach the Clamp Cover (#E) over the back of the L-Bracket.

Step 1a-5

Attach the Mount to the Desk

- Place the assembled clamp and mount over the edge of the desk in the desired location then tighten the clamp handle until it is secure and the clamp does not move.

Step 1b-1

Grommet Installation Option

- Insert the Grommet Bolt (#F) through the Grommet Plate (#H) in the orientation shown here so that the 3 bolt holes have the concave side facing down. Connect the Grommet Plate (#H) to the base of the spring arms using Bolts (#G) and tighten until secure with Hex Wrench (#L).

Step 1b-2

Install the Adhesive Pads

- Peel off the backing from the Adhesive Pads (#K) and stick them over the two rear bolt heads.

Step 1b-3

Attach the Mount to the Desk

- Place the mount over the grommet hole and slide the Clamping Plate (#I) onto the grommet bolt from the underside of the desktop, then twist the Grommet Handle (#J) onto the bolt until fully tightened.

Step 2

Attach the VESA Plate to the Monitor

- Select the appropriate size mounting bolt (#M-A, M-B) and washer (#M-C) for your monitor mounting holes and verify the length of the VESA bolt is not too long. If you are unsure of the correct bolt size for your display refer to your monitor user manual or contact the monitor manufacturer for sizing information.
- Install the VESA Plate onto the back of the monitor using the selected bolts and washers and ensure that the side marked top is facing up to the top of the monitor.

Step 3

Attach the Monitor

- Pull the tab on the end of the arm back, then slide the VESA plate down into place.

Step 4

Weight Balancing the Gas Spring Arm

- Gas Spring tension may need to be adjusted to suit the weight of the monitors. To weight balance the two gas spring arms, begin by pushing the arm down to the lowered position, then use Hex Wrench (#M) to adjust the nut as pictured, turning counterclockwise toward the + (plus) sign for heavier monitors, increasing the tension and clockwise toward the - (minus) sign for lighter monitors, lowering the tension. Adjust until the arm does not raise back to the highest position or sink to the lowest position when released. This might require multiple rotations to reach the desired tension.
- Adjust the tilt of the monitor by loosening or tightening the bolt on the side behind the VESA plate and tilting the screen to the desired viewing angle.

Step 5

Removing the Cable Covers

- To remove the cable management covers, follow the images shown to remove them properly. The smaller covers must be slid away parallel to the arm (pulling the cover incorrectly might cause damage to the cover), while the larger covers need to be pulled away from the arm at each end.

Step 6

Route the Cables

- Route the cables beneath the cable management covers and reattach the covers for an organized workspace.

Step 7

Final Adjustments

- Store the Hex Wrenches (#M, #L) in the slots on the cable management Clamp Cover (#E) for easy access when needed.
- The screen may be rotated 180° and can be tilted forward and back +/- 90°. The arm joints can be rotated within the range of motion listed in the diagram.
