Smyrna, GA 30082

This letter is in response to your request for a Safety Data Sheet (SDS) or Material Safety Data Sheet (MSDS) for the items below:

Business Unit	Product Identification #	Product Description
Heritage Bag	H6639SCA R01	33X39 31-33 Gallon 1.10 Mil Clear LLDPE Liners

The following is information concerning the Occupational Safety and Health Administration (OSHA) Hazard Communications Standard.

An SDS or MSDS is required under the OSHA Hazard Communication Requirements (29 CFR 1910.1200) for workplace safety if the product presents a hazard. Products manufactured and distributed by Novolex are considered "Articles" under OSHA guidelines and are not considered hazardous materials.

Please refer to the OSHA Hazard Communication Standard commonly referred to as SARA 313; (29CFR Section 1910.1200 or the Toxic Chemical Release Reporting; Community Right-to-Know (40 CFR, Part 372). Requirement 29CFR 1910.1200 (b)(6)(v) exempts "Articles" from SDS/MSDS requirements and other communication requirements of OSHA Law.

The term "Article" is defined in 29 CFR 1910.1200 (c) (i). Federal Register citation 52 FR 31852 (August 24, 1987) and SARA Section 313. "Article" means a manufactured item:

- i. which is formed to a specific shape or design during manufacture;
- ii. which has end use function(s) dependent in whole or in part upon its shape or design during end use; and
- iii. which does not release, or otherwise result in exposure to, a hazardous chemical under normal conditions of use.

Novolex products will not release hazardous chemicals under normal conditions of use and therefore meet the requirements for "Article" exemption.

Please contact your salesperson if you have additional questions.

Sincerely,

Lyndsi Richards
